## Family School Liaison Program

### Consent for Student Counseling

---

I/We (*Parent/Legal Guardian*) \_\_\_\_\_, give consent for our child/children (*List Names*) \_\_\_\_\_ to receive counseling services through the Westwind School Division #74 Family School Liaison Program, until such permission is rescinded in writing, or until the end of the current school year.

I/We understand the Westwind School Division #74 is a partner in the Chinook Student Health Initiative, along with other regional school districts, Southwest Alberta Child & Family Services, Alberta Mental Health, and Family & Community Support Services. At the end of each year, numerical data is collected and submitted to the Alberta Government as part of the reporting requirement for this governmentally supported initiative.

As part of the counseling services, I/we also understand that anonymous case consultations may occur among members of program team professionals.
